

BID CLARIFICATION – INDOOR SPORTS COMPLEX

Dates received: 18.02.2022 and 21.02.2022

No.	Clarification required	Clarification
1	Use of Air Rifle Range: Please specify whether the air rifle range is for ISSF competitions/ training or not.	The contractor is required to provide the space for air rifle range according to the employer’s work package. The installation of air rifle range & firing simulator will be done by the client.
2	If for competitions, the events you will require to hold competitions with distance (eg. 10m , 25m etc..)	
3	Usually, the bullet traps are a part of target system. So, do you need target systems to be supplied and installed by the contractor?	No
4	If Target systems are required, do you require ISSF approved target systems? If so, what is the required ISSF approval level?	Target systems will be installed by the client.
5	If ISSF disciplines are not applicable, please specify the distance between target and firing line.	The contractor is required to provide space only.
6	For the Gallery & VIP area of Boxing Ring do we have to fix suitable seats?	Yes. Please specify the type of the seats in the design. They should be suitable for VIP area.
7	We are not clean idea about your furniture and fitting requirement. Can you specify it?	Seats and desks should be provided for judges & timekeepers in the Boxing ring area. VIP seats should be provided in the gallery (Please refer employer’s work package). These should be fit for the purpose and can be specified in the design.
8	The project not subjected price adjustment (Clause 13.4), but prevailing situation government advice to the Employers to, accept the price adjustment.	Price adjustments are not considered in bid evaluation. Therefore, please consider this factor in your quoted rates.
9	We are difficult to design foundation without the soil report. Can you mention the even average bearing capacity?	As no soil reports are available, we are unable to provide any details on soil condition. The arrangements can be made for the bidders to visit and conduct a trial pit.
10	Not any place/section to add our price of boxing ring, rifle firing area and firing simulator.	Provision and installation of boxing ring, rifle firing area and firing simulator are not expected from the contractor.

11	This prevailing situation, we can't open any LC related with the project. What about your role for this project in same on future.	The contractor should take the responsibility in such a case.
12	Specify the location of VIP gallery	This depends on the design.
13	What are the finishes of ground floor & first floor?	These depends on the design.
14	What is the type of material for first floor ceiling?	
15	What is the purpose of balcony in first floor?	Please provide the space requirement in first floor for a balcony as per the reference drawing.
16	What is the material of separation on overhead baffle room?	Cement blocks or bricks.
17	What are the areas we should supply the furniture & is there any special requirement?	Seats and desks should be provided for judges & timekeepers in the Boxing ring area. VIP seats should be provided in the gallery (Please refer employer's work package). These should be fit for the purpose and can be specified in the design.
18	What are the safety measures we should equipped in air rifle firing range?	This is out of the scope of contractor's work.
19	What are the finishing materials (floor/wall/ceilings) for firing simulator room?	No special requirement. Depends on the design.
