

Organizing a Short-course on

“Let’s Write a Systemic Review” A Guide to develop a Systematic Review

The course is aimed at providing the foundation and the hands-on experience in conducting a systematic review on an area of your choice. Therefore the course is organized as a series of half a day workshops, composed of lectures and guided practical sessions. At the end of the course, the participants will have to produce a systematic review protocol /review paper, which is ready for publication.

The Topics are as follows;

- Workshop 01 : Choosing the topic
- Workshop 02 : Developing the Protocol
- Workshop 03 : Search methods
- Workshop 04 : Data Extraction
- Workshop 05 : Assessment of Study Quality
- Workshop 06 : Data Synthesis Method (s)
- Workshop 07: Result Dissemination Plans

Total duration of the course - 6 months

Commencing on 1.03.2021
